

April 15, 2008

To the Arizona Antelope Foundation

We appreciated the participation of the Arizona Antelope Foundation at the 2008 Wildlife Fair in Prescott Valley on April 10.

We had over 650 people come through the doors in three hours. The Daily Courier stopped by and ran a photo one day and photos and a story on another. The attendance, stories, and pre-event publicity will all go far in helping the Arizona Game and Fish Department connect with the public.

While we did have a number of booths of our own, it is the participation of organizations like the Antelope Foundation that help complete the effort. It's a way for people to not only connect with our Department, but to see the other opportunities that exist to help wildlife.

Below is a photo of the booth.

Please thank everyone involved. Their time, participation, and enthusiasm were all appreciated.

Sincerely,

Zen MocarSKI
Arizona Game & Fish Region III PIO
